Dear Parent/Carer

 @PrioryCSA

## Welcome to PCSA Home Work

At PCSA we strive to develop independent learners who are excited about their learning and take ownership of their progress.

We believe that learning is the process of acquiring new knowledge and skills and the ability to apply these in different contexts, therefore, home work is an extension of the work developed in lesson time and designed so that parents and carers can be actively involved in their child's learning.

Each faculty at PCSA has created a home work booklet to give clear guidance and expectations for independent study outside of the classroom. There is a booklet for each year group for the current learning cycle.

Each activity has a set of success criteria as guidance and a structure for students to complete the work and any additional resources and websites will be listed if needed.

Students will be provided with a paper copy of the booklet by their classroom teacher and so you will not be expected to print this unless the copy is damaged or lost.

Parents and carers can access the home work booklets for their child through the link provided in the student or parent areas on the school website and a frequency table has been provided to make clear the expectations for the quantity of work for each subject area.

The specific aims of our approach to home work is to encourage independent, reflective lifelong learning. We want to teach students how to learn effectively; enable every student to achieve their full potential; and to prepare students for success in their lives beyond school.

If you have any queries related to expectations for home work or would like to know more please do not hesitate to contact us.

Yours sincerely

James White  
Assistant Principal

Zoe Caise  
Associate Principal and Central Leader for Humanities
