Dear Parent/Carer

Re: Resources for Practical Lessons and Components for All Technology Projects

To ensure every student studying product design or engineering in Year 9 has the opportunity to take part in all practical lessons I have decided to supply all resources for each planned activity throughout the academic year at a proportionate cost price to parents. In doing so, this will hopefully take some burden from parents in not only cost but also trying to source the items. I sincerely hope that you, as parents, will support me in this decision. Thank you.

With this in mind, the overall cost price contribution for all resources throughout the academic year will be £5.00 per student. I would be most grateful if you could make this payment via ParentPay by 21 October 2016.

Again many thanks for your anticipated support.

PLEASE NOTE

- **All payments to be made using the ParentPay option on Priory Community School website HOME PAGE (scroll down and the ParentPay icon will be found on the right hand side) or log onto www.parentpay.com, the account allocated is 'Yr9 Technology Projects 16-17'. Priory Community School no longer accepts cash/cheque payments, if you wish to pay by cash you can request a bar coded letter from the finance department which you can take to your local paypoint shop.**
- **Please make sure all your contact details are updated.**
- **Any queries or problems please contact the Finance Office on 01934 511411 Opt 5.**

Yours sincerely

Christian Blackmore-Wynn
