Dear Parent/Carer

Year 9 and 10 Upper School Mathematics Information Evening

In light of the new GCSE curriculum, the maths faculty would like to invite you to PCSA on **Thursday 29 September 2016 at 5:30pm** to attend a presentation. Refreshments will be available from 5.15 pm. The evening will take the form of a presentation lasting approximately 30 minutes in the main hall. During the presentation, we can advise you about ways in which you can help to support your son/daughter's achievement in their vital Year 9 and 10 mathematics journey.

Year 9 and 10 students are currently working extremely hard in school hours. We want to ensure that you have as much information as possible to support your son/daughter's progress in out-of-school hours. During this session we will share with you some excellent resources to help you support their progress. In the past we have found that active parental engagement has been proven to play a significant role in improving students' grades.

After the presentation, PCSA teachers will be on hand to answer any queries that you may have with regard to son/daughter's progress and ways in which you can support them in their studies.

Please can I ask you to complete the enclosed form and return to the maths department no later than Tuesday 27 September.

Thank you for your support and I look forward to meeting you next Thursday.

Yours sincerely

Emily York
Leader of Year 9 and 10 Maths
