WCSA Year 11 Easter School: 10-21 April 2017

Dear Parents /Carers

We are delighted to be running Easter School to support our Year 11 students in their successful preparation for and completion of exams. The programme includes completion of coursework/controlled assessments; revision and exam technique strategies; P6i English and maths focused development sessions and actual exams for the ECDL course.

We have an extensive programme running and staff have identified students to attend the sessions which are essential for them. Students have discussed their individual programme with their tutors and have received a printed copy. A copy has also been included in a letter sent to parents and carers this week along with a summary of the whole programme including the lead member of staff for each session, the rooming and timings. You can find a copy of the programme on the website with this letter. Please do contact the lead member of staff for further details of a specific session if needed.

Where a Y11 student does not have scheduled sessions they are encouraged to check the programme, discuss the details of sessions with their teacher or the lead member of staff on the programme and make appropriate arrangements to join the session. Please do contact staff leading sessions if you believe your son/daughter could benefit from attending. Sessions restricted to invited students only are P6i English and maths and the ECDL exams.

Students are not required to wear school uniform for Easter School. They are expected to provide their own lunch (unless advised differently by their session leader) and transport to and from school.

We are looking forward to a productive Easter leading to very successful exams in the summer. Please contact me if you have any queries.

Yours sincerely

Lesley Evans, Vice Principal
