Dear Parent/Carer

On 28th February and 1st March this week, from 4.30-6.30pm, we will hold the first of our Evening Study Schools. These will run weekly on Wednesdays and Thursdays during term time until the end of the exams. This is an opportunity for students to come and work in the LRC or one of the computer rooms in a quiet environment with staff supervision.

Starting at 4.30 gives students an opportunity to go home, change and have something to eat beforehand. I would like to stress that this is study rather than social time and we will expect students to work quietly. They can stay for as short or long a time as they wish but we will ask them to sign in and out for safeguarding reasons. We also ask that they do not bring food with them as we need to look after the teaching areas they will be working in.

This opportunity proved very beneficial for Y11s last year and I hope your son/daughter will also find it so.

Yours faithfully

Gill McLorinan
Head of Year 11
Assistant Principal
